

UNITED STATES BANKRUPTCY COURT SOUTHERN DISTRICT OF FLORIDA

NOTICE RE: STATUS OF CLAIMS

Please take notice that the clerk's office is approximately two weeks behind in scanning bankruptcy claims due to the conversion of its legacy claims imaging system to CM/ECF.

Trustees, attorneys and other interested parties should take note that any claims scanned prior to October 17, 2005, may be accessed through our legacy WebPACER system at <http://pacer.flsb.uscourts.gov>.

Claims scanned into the new CM/ECF system can be accessed through ECF/PACER at <http://ecf.flsb.uscourts.gov>.

Until such time as the WebPACER claims have been merged into CM/ECF, for the majority of cases pending prior to October 17, 2005 and depending on when the claim was scanned, you will need to access both of these systems in order to obtain a complete claims register with accompanying images. The links to both of these systems are available on the court's public website, www.flsb.uscourts.gov under the **Case Information** button.

As soon as the court completes its claims conversion program, all claims registers, including images, will be accessible through ECF/PACER.

Please continue to check our website for updated information. Questions regarding claims should be directed to our IT services department at (305) 714-1855 or via e-mail to the CM/ECF help desk www.cmecf_support@flsb.uscourts.gov.
